Lindo Lake Park
Lakeside, CA
- July 23 Sipping @ Sunset**
5:00pm-9:00pm
Lions, Tigers & Bears
Alpine, CA

Letters from Coe

Hello friends of wildlife!

We have been very, very busy at NSEFU Wildlife Conservation Foundation and we have lots of great things to tell you about...so let's get to it!

Our new and improved website will give you and your friends easier access to everything NSEFU with updates on our projects as well as photos from our headquarters and the magnificent wildlife around our facility and home base of Zikomo Safari Camp. You can make a huge difference in the protecting wildlife just by "clicking" on our site! We have ways you can donate directly, you can purchase our magnificent Wild Wines, or you can buy NSEFU Wildlife gear like shirts and hats. You will always find something new and interesting at www.nsefu.org or www.nsefuwildlife.com. Every dollar donated goes DIRECTLY into action. We are a lean, mean, conservation machine and you can be confident that every dollar will work hard in the fight.

(continued on next page)

What is NSEFU Wildlife Conservation Foundation?

NWCF is dedicated to the protection and preservation of imperiled species in Southern Africa. Our hope is to reduce wildlife crime and poverty through direct & indirect measures.

Speaking of wine - big news is coming in July! With our very successful debut of our Petite Syrah/Syrah blend of "Wild Wines" on our Elephant label, we will be introducing our next Wild Wine: an exquisite Merlot on our Rhino Label at our upcoming fundraising event, *Sipping at Sunset*. See below for more information on this fantastic event. We like to call this wine our "Red, Red Rhino" and it will be created by award-winning vintner *Hacienda de las Rosas* once again.

Please join us July 23rd from 5-9pm for *Sipping at Sunset* located at the magnificent big animal sanctuary Lions, Tigers, and Bears in Alpine, California. LTB is an accredited, and nationally recognized sanctuary in rescuing, rehabilitating, as well as being "home" to not only the namesake lions, tigers and bears, but also to countless other exotic cats and animals. This sanctuary

provides top-level care to animals rescued from roadside circuses, animal hoarders, former exotic pets and more. We at NSEFU Wildlife focus on endangered species in the wilds of Africa and are incredibly proud to cohost this event with our dear friends at LTB who protect animals in captivity. Get ready for a summer evening surrounded by beautiful animals, while enjoying wine pairings from *Hacienda de las Rosas* in conjunction with Chef Drew's culinary delights and delicious offerings from our chocolatier *GB Treats*. Enjoy the magnificent artwork of Michael Rosenblatt, auctions, raffles and more fun. Please see below for all the details, and we will see YOU at *Sipping at Sunset* at Lions, Tigers, and Bears! Tickets will go fast!

Must RSVP in Advance

Call (619) 659-8078 and Select Option 2
<https://lionstigersandbears.org/product/sipping-at-sunset/>

Join us Saturday, July 23rd at Lions, Tigers and Bears located in Alpine, California for *Sipping at Sunset*. Wine and beer tastings will be provided by *Hacienda de las Rosas* and *Green Flash*. Globally inspired hors d'oeuvres will be provided by Chef Drew and decadent chocolate pairings by *GB Treats*. Be there for the introduction of our latest Wild Wine, a Merlot on our Rhino label. The event will be held in conjunction with Lions, Tigers

and Bears, a nationally recognized sanctuary that protects animals in captivity. Guests will get the opportunity to enjoy the magnificent artwork of Michael Rosenblatt. The event will also include auctions, raffles a wine pull and more. Tickets will go fast, so be sure to get yours soon! If you or your business would like to make a donation for our auction and/or raffle, please contact Jessyca at jessyca@nsefu.org.

You Can Make A Difference!

Supporting NSEFU Wildlife Conservation Foundation can be as simple as shopping! Check out these simple, automatic ways you can support NWCF every time you shop, at no cost to you.

Amazon Smile

When shopping on Amazon, simply make sure you make your purchase from smile.amazon.com. When prompted to add a charitable organization, search for NSEFU Wildlife Conservation Foundation. Items that are eligible will be marked "Eligible for AmazonSmile donation" on the product detail page.

Ralphs Community Contribution Program

Link NSEFU Wildlife Conservation Foundation to your Ralphs Rewards Card by signing in at ralphs.com and clicking Edit Community Contributions. NWC will receive a percent of your household monthly purchases. You will see "At your request, Ralphs is donating to NSEFU Wildlife Conservation Foundation" at the bottom of your receipt.

eBay for Charity

Visit givingworks.ebay.com and select NSEFU Wildlife Conservation Foundation under My Charities. Simply purchase items marked with an eBay for Charity blue and yellow ribbon, and the sale benefits your chosen non-profit. Sellers can also choose to donate a percentage of their sales.

Current NSEFU Endeavors

NSEFU Wildlife primarily combats wildlife crimes, and part of the effort includes community engagement. Education of children, creating income producing activities for the locals and hiring community members to work at the lodge are just a few of the ways NSEFU is taking grassroots actions against these crimes.

Ranger Station

The Ranger Station and NSEFU Wildlife Conservation Foundation Headquarters will be completed in just a few weeks! We employ a poaching manager and a ranger to help save and protect endangered species. Our rangers will be housed, trained and educated at the Ranger Station, and it will serve as an office for recording and processing information including audio, visual, radio and forensic data that is gathered.

NSEFU Wildlife rangers will patrol, snare sweep, gather intelligence information on suspected poaching activity, engage the local community in dialogue and serve as a ranger team support system for the Zambian wildlife officials. NSEFU rangers are government approved rangers and are allowed to carry weapons. Modern day poachers are well equipped with guns, ammunition, vehicles, radios and more so we must equip our rangers the same way. Our rangers have a very dangerous job and we must outfit them the best we can in order to protect them from the highly equipped poachers. Conservation requires money, but we are prudent,

efficient and very smart with how we utilize it, so be confident that your donations are being put to great use!

Chabwela School

NSEFU is working with a Christian children's school, Chabwela School. Translating into "expecting something that has now come to be," the school educates sixty students, and consists of a small hut for an office and three simple huts for classrooms. We are currently awaiting their proper registration so we may help fund a year's tuition for students, which is \$1800.

The school is also in need of paper, pens, notebooks, and other essentials. We would also like to obtain a few computers for their use. NSEFU is seeking outside funding sources to help meet these needs. We are also being aggressive in putting solar energy into the hands of the Zambians to provide more stable means of power for everyday necessities.

Mobile Apiaries

NSEFU is hoping to have ten functioning mobile apiaries that can generate income from honey production for locals. The apiaries also provide a mobile animal deterrent to diminish human/animal conflict. NSEFU will be sending our bee specialist to Zambia this summer. Supplies are needed before his arrival for the construction of hives and training of locals. Keep an eye out for how you can contribute to the mobile apiary project soon.

Our head ranger Charles in his new hat and shirt.

There has been great advancement in the construction of the ranger's station, which will be complete in the end of June 2016.

Notes from the Bush

Wild dogs were just seen between the camp and Milyote gate. It is a rare and amazing sighting that shows more animals are feeling safe in our area.

We have a pride of four lionesses and two males that have been seen many times in the past two weeks. This is the same pride that includes the female lioness that gave birth behind Zikomo's Chalet #2 two years ago, as well as the little lioness featured on both NSEFU Wildlife and Zikomo's photos. She is now a big beautiful grown hunter and she keeps returning to the area around the camp.

The first Zambian Board meeting for NWCF was held Wednesday, May 25 with the future Chief in attendance. His presence was very important, as we were concerned for the future since Senior Chief Nsefu has his share of health issues. Now with his nephew interested in working with NSEFU and being on the board, cooperation is assured from the Chief of Nsefu, current and future.

The ranger station building is looking great. It has three large bedrooms, a very large meeting room, several smaller offices and a big kitchen with a pantry. Electricity, switches, etc. are being put in today. The bathing room with toilets and showers is in a separate building behind the main building. A video will soon be made so you can see what has been built so far.

On a sour note, the current government has allowed a Zimbabwean company to come in and take clients to shoot 1,000 hippos. This is unheard of. In the 1990's, they were to cull 500 hippos but did not finish, as there were too many. To go in and shoot entire pods including mothers, babies and males, is going to be bloody and horrible. All of this will be done without enough numbers to support such a massive kill. This is something that needs a

petition created; please start and sign a petition to try and stop, or at least greatly reduce, this insanity.

Sorry to be the bearer of such ill tidings. It makes me very sad and everyone here is very unhappy about it but nothing can be done to change it.

Until next time,

Victory Wallace
NWCF Co-Founder
victory@nsefu.org

Zikomo Safari

Zikomo Safari, host to NSEFU Wildlife, is an Eco Hotel located along the Luangwa River across from South Luangwa National Park's wildlife rich and uncongested Nsefu sector. Zikomo is open May 15th to November 15th. Packages can include accommodations, amenities, meals, soft drinks, high teas, local beer and house wine and two activities each day such as walking safaris and game view tours. Amenities include en-suite riverside chalets, a bar and restaurant, campsites, swimming pool, wi-fi, a gym, gaming tables and laundry services. Book your stay now by visiting www.zikomosafari.com.

Wild Wines

The breathtaking label artwork for our wine is by San Diegan Michael Richard Rosenblatt who continues to wow people with his original works as seen in stadiums, magazine covers, and more. You can see more of his stunning work at www.rosenblattstudios.com.

Currently we are selling our "Elephant" label, a beautiful Syrah blend that will make for a wonderful drinking experience. An exquisite Merlot on our Rhino Label will debut at our upcoming fundraising event, *Sipping at Sunset*. This is from

powerful wine in that all proceeds from the sale of our Wild Wines goes directly into action to fight poaching and protecting endangered species. Every purchase qualifies for a tax-deductible donation. Purchase price is \$29.95 plus tax and shipping. California has a \$2/bottle tax. Our vintner is Hacienda de las Rosas Winery, www.SDWinery.com. To purchase, visit Hacienda de las Rosas' online store, <http://store.sdwinery.com/categories.aspx?Keyword=WILD WINE>.

Merlot
Alc. 12.5% By Vol.
